Dear Parent/Guardian

'Maths for Parents' Evening on Thursday 8th July

Year 10 students would like to invite you to their 'Maths for Parents' evening on Thursday 8th July from 6-7pm at Lower School.

We understand that it may have been a while since you have been in a Maths lesson and it can be daunting when your daughter asks for help with her Maths homework. Therefore they have decided to run this evening to refresh, update or enhance your mathematical knowledge.

During this evening you will be able to choose what topic you would like to know more about from the following list:

- Using the number line to do mathematical calculations,
- Using the grid method to multiply numbers,
- The different ways to divide,
- Adding, subtracting, multiplying and dividing negative numbers,
- Fractions,
- Percentages,
- Ratio,
- Pythagoras Theorem,
- Algebra.

They feel that these subjects will enable you to help your daughter in her learning throughout year 7 to 9. Each subject will have its own station run by Year 10 students who will aid you in your learning. You will be able to walk freely between stations and refreshments will be made available on the evening.

If you are interested in attending the evening, please return the slip below or e-mail l.bateman@hayesfield.com by the 1st July.

Yours sincerely

Miss Bateman
Head of Mathematics

'Maths for Parents' Evening on Thursday, 8th July 2010 – Please return your slip to Ms Bateman

I would like to attend this evening. There will be..... people attending this event.
