Revision tips

How have you learnt successfully in the past?

Consider these activities, which ones have been most useful to you in your learning?

Listening / talking / discussing / describing / explaining / drawing diagrams, pictures and patterns / watching DVDs or videos / making posters / role plays / music / rhythm / rhymes

Try to work with your most successful ways first, but use as many different styles as possible, to give variety

Post 16 Review

As part of the review we are carrying a number of observations of Sixth form lessons, (some last week and more this week), we shall also be interviewing students to ask your views, and have given a questionnaire to parents. Please return parents' questionnaires to Mrs. Banks' office before the end of this week. Letters will be sent to interviewees this week. Thank you for your co-operation.
